

VOLUNTEER HOUSING HANDBOOK

Union Congregational Church
1050 Daytona Avenue
Holly Hill, FL 32117
386-253-1323

If you have an **EMERGENCY**...Dial **911**.

The address of the Volunteer Housing Facility is 1050 Daytona Avenue, Holly Hill. When you are at a job site, be sure you have the **work site address** when you are there.

Tell the dispatcher that you will have someone meet the responders in front of the address to direct them to the area of need, and then immediately post someone to that task/position.

The nearest Trauma Center is at Halifax Hospital. Directions are on the next page.

Sorry, but smoking is not permitted in any of the rooms or buildings.

There are **TWO fire detection systems** in the housing facility:

One monitors the Housing Facility...dormitory rooms, lounge & kitchenette and the bath/shower/laundry area. Each smoke detector is interconnected so that if an alarm is activated in one room, ALL smoke detectors will sound an alarm. However, this system is NOT monitored...it is a local alarm only.

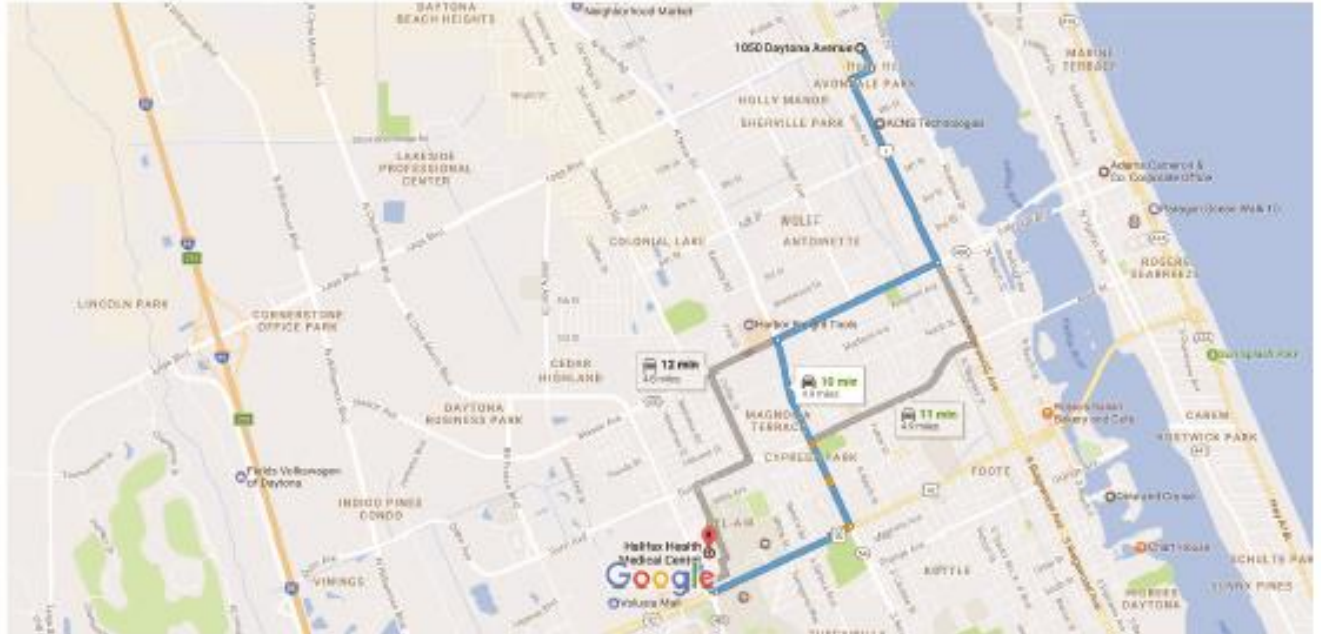

The other system monitors nearly every room in the church and the offices/housing facility. It is connected to a central alarm monitoring company. If activated, there are two alarms...one at the tripped smoke detector and one just inside the fellowship hall at the alarm panel. To silence the alarm, press the home icon on the touch pad and then enter 1234 on the touch pad.

In either case, immediately evacuate the buildings and muster by the palm tree in the northwest area of the parking lot, to determine that everyone is accounted for. Be sure to call **911** to report the alarm activation. The fire department is just south of the YMCA building, so response will likely be very quick in any event.

Your group leader should have an emergency plan for your job site. Be sure to become familiar with it and what to do and where to muster in the event of a fire or other emergency.

The box contains key 3AA to the sleeping area (rooms 4 & 5), the lounge, kitchenette and restrooms (rooms 6 & 7) and the Fellowship Hall key F, located in the lower level of the church.

Feel free to use anything in these areas. The bunks and pillows with clean pillow cases are ready, and there are toiletry samples on the shelves outside the restrooms, as well as towel racks for damp towels.

There is a fairly strong signal for wireless internet access in the dorm rooms, lounge area and Fellowship Hall. The wireless password is Jesus1050.
